# WHAT IS

## ENVIROTHON?

The Envirothon is a competitive, outdoor academic team event for high school students.

A unique and enjoyable learning experience, the Envirothon is designed to create, reinforce, and enhance interest in the environment and natural resources. Teams consist of five students, all from the same high school. An adult advisor must accompany the team but is not permitted to assist the team during competition.

The Ohio Area 1 Envirothon tests students' knowledge of soils and land use, forestry, wildlife, aquatic ecology, and a current environmental issue. The 2026 Current Issue is

**"Non-Point Source Pollution: It begins at home!"**

The top four winning teams advance on to the Ohio Envirothon which features the top 20 teams from the five Area Envirothon competitions held across Ohio each spring. The winning team from the Ohio Envirothon then advances to the North American Envirothon. More than 1,700 students participate in Ohio Area Envirothon competitions. In Ohio, the Envirothon is sponsored by the Ohio Federation of Soil and Water Conservation Districts (OFSWCD), in cooperation with the Ohio Department of Agriculture (ODA) and the Ohio Department of Natural Resources (ODNR).
