

The Ohio Area 1 Envirothon

The Envirothon is a competitive, outdoor academic team event for high school students. A unique and enjoyable learning experience, the Envirothon is designed to stimulate, reinforce, and enhance interest in the environment and natural resources. Teams consist of 5 students, all from the same high school. An adult advisor must accompany the team, but is not permitted to assist the team during competition.

The Ohio Area 1 Envirothon tests students' knowledge of **soils and land use, forestry, wildlife, aquatic ecology** using an "Ecostation" format. The 2022 issue is "**Waste to Resources**".

The top four winning teams advance on to the Ohio Envirothon which features the top 20 teams from the five Area Envirothons held across Ohio each spring. The winning team from the Ohio Envirothon then advances to the North American Envirothon. More than 1,700 students participate in Ohio Area Envirothons, and 52 teams from across the U.S. and Canada. In Ohio, the Envirothon is sponsored by the **Ohio Federation of Soil and Water Conservation Districts** (OFSWCD), in cooperation with the **Ohio Department of Agriculture** (ODA) and the **Ohio Department of Natural Resources** (ODNR).

Natural resource and environmental specialists from many agencies, organizations, colleges, Universities, park districts and businesses write the Envirothon tests and staff the various test stations.

The Ohio Area 1 Envirothon is financed by grants, donations from businesses and agencies, and through contributions. Your contribution will be acknowledged on the t-shirts provided to the students and their teacher-advisors.

You Can Help!

- **Provide food and t-shirts for approximately 350 students and their teacher-advisors as well as furnishing supplies for field testing!**
- **One (1) shirt will be provided per sponsor with a donation of \$50 or more!**
